NORTHERN PACIFIC

COAL MINING COMPANY,

LOCATION OF MINE,

Coos Bay, Oregon.

CHARPELLET & MINER,

AGENTS.

This Company is prepared to deliver, through their Agents, a LIMITED NUMBER OF SHARES OF STOCK to the citizens of Oakland. The stock is valued at fifty dollars per share, and is as follows: $10 on issuance of stock, and the balance in equal monthly payments at $5 each.

Those who pay the full amount of the share at the time of issuance will have a credit of three cents per ton. Those who pay $20 down will be credited with $10 in thirty days. Each share of stock represents TWELVE TONS OF COAL, and entitles the holder to that quantity monthly. After the fourth payment has been made, shareholders will be entitled to purchase from wharf for the yard, each ton of coal per month for each share, or SIX TONS PER YEAR. The cost of the delivery will be added to the above.

The new Pacific Coast Steamship Co. will run their monthly steamers between Coos Bay and San Francisco, and the Company will have control of the Company's steamers for the transportation of coal.
